Total scoring is based on price, small business status or participation, and local business status. It is Swinerton Builders' intention to contract with the highest scoring proposer for each bid package. However, proposers must also meet other Swinerton Builders and Airport Authority requirements as indicated in the Bid Invitation and Instructions, including, but not limited to:

- Swinerton prequalification for a dollar amount equal to or greater than the bid package amount
- EMR of 1.0 or less and sub tier EMR of 1.24 or less

Where the highest scoring proposer does not meet these criteria, Swinerton Builders reserves the right to select the next highest scoring proposal that meets the requirements. Swinerton reserves the right to re-bid or revise bid packages.

Packages not listed are pending, results will be announced at a later date.
